**Chief Updates:** presented by Fire Chief Mark Miller
- The Chief asked if there were any questions about the monthly packet; there were none.
- He mentioned that in the future, FRAC may need to review the current methodology for Capital Expansion Fees (CEFs). If the methodology changes, it will affect LFRA hundreds of thousands of dollars difference in the capital budget over many years.
- Over the next 30 days, the Chief plans on meeting with all of the shifts.
- On November 13th, the LFRA Board approved the 2015 budget.
- Old Fire Station 2 sold for $450,000 to Thompson Valley EMS.
- Four employees from LFRA recently received prestigious awards: Chief Greg Ward received the Larry Kettelhut Fire Instructor of the Year Award from the Colorado Division of Fire Prevention and Control; Chief Ned Sparks received a Lifetime Achievement Award from the Colorado Division of Fire Prevention and Control; Deputy Fire Marshal Scott Pringle received the Life Safety Educator Award and Firefighter Dustin Waldorf received a Community Service Award from the Odd Fellows Lodge.
ISO will be doing a system evaluation in January of the communities infrastructure, water supply infrastructure and fire service delivery.
A consultant was hired to go through the process.
The department is trying to get a lower ISO rating.
The consultant will come back when the ISO representative gets here.
The Chief is confident that our rating could change to a 3 or a 2; Rural a 4 or a 5.
Commercial businesses could see a significant decrease in their rates; more so than residential.
The Chief mentioned the possibility of restructuring the department board meeting dates and downsizing to one information packet.
At some point in the future, FRAC could be meeting on the 3rd Wednesday of the month instead of the 2nd Wednesday.
Chair Smela will send out an e-mail to all of the FRAC members to get a consensus about the meeting date change.
Chief Miller will be submitting human interest type of articles to the Loveland Reporter Herald called Behind the Badge. This is a good way to connect with the community and let the public see that LFRA is more than just red lights and sirens.
The introduction article is in this month’s LFRA Board Packet.
