YOUR LFRA BOARD MEMBER BENEFITS

BENEFIT PLANS EFFECTIVE
JANUARY 1, 2024 - DECEMBER 31, 2024

CEBT Benefit by Trust
At Loveland Fire Rescue Authority, we care about you. That's why we offer a comprehensive suite of benefits that support you as a LFRA Board Member.

Understanding your benefits and knowing how to use them is just as important as having access to them. Review this guide to learn about the benefits available to you for the 2024 plan year (January 1, 2024-December 31, 2024). Then choose the options that are best for you and your family.

If viewing this guide electronically, you can click within the Table of Contents to navigate to that section. You can also click the orange icon displayed on each page if you'd like to return to the Table of Contents.
WHO IS ELIGIBLE?

LFRA’s current medical and life insurance benefits provider, Colorado Employer Benefit Trust (CEBT) allows participating local government employers to offer life insurance and medical insurance to members of the local government’s governing body.

LFRA Board Members currently serving on the Authority Board are eligible to elect coverage in the Authority’s medical insurance plan at any coverage level provided by the plan (individual, individual + spouse, individual + child(ren), or individual + family.) Many of our plans offer coverage for eligible dependents, including:
- Your Legal Spouse
- Civil Union Partner
- Your children up to age 26

A Board member who terminates coverage in the plan after enrolling will no longer be eligible to participate in the plan until the next open enrollment period or qualifying event.

CHANGING YOUR BENEFITS

New Enrollment
You must enroll in benefits within 30 days of your initial eligibility date as a new LFRA Board member. If you do not enroll within 30 days, you will not be able to participate in coverage, unless you elect coverage during the annual open enrollment period. Don’t forget to fill out the Other Insurance Information form if you will be covering dependents on your plan. This form needs to be filled out annually in order for claims to not be held up and processed.

Qualifying Events and Dropping Dependents: Generally, you may only make or change your existing benefit elections as a new Board member or during the annual open enrollment period. However, you may drop a dependent at anytime and they will be covered through the end of the month or change your benefit elections during the year if you experience one of the following qualifying life events. To request a change, contact LFRA Human Resources.

1. Change in marital status
   - Marriage
   - Death of spouse
   - Divorce
   - Legal separation
2. Change in number of dependents
   - Marriage
   - Birth
   - Death
   - Adoption of child or placement of a child for adoption
3. Change in coverage status
   - Loss or gain of other coverage by the Board member or dependent
4. Change in individual coverage status due to aging out
   - In the event that a covered individual loses eligibility on their parent’s plan, due to aging out (26)

You have 30 days from the qualified life event to make changes to your coverage. Depending on the type of event, you may need to provide proof of the event (ie. marriage license, birth certificate etc.). You do not need to provide documentation if your only change is to drop a dependent(s) off your current plan, but documentation will always be required if adding dependents outside of open enrollment.
WHAT IS CEBT?

The Colorado Employer Benefit Trust (CEBT) is a self-funded, governmental multiple employer trust that provides employee benefits for over four hundred thirty seven (437) public entities, with over 37,000 employees and dependents covered in the state of Colorado. The CEBT plan offers health, dental, vision and life coverage to the participating groups.

WHO IS WTW?

Willis Towers Watson (WTW) is the broker / administrator for the CEBT. It provides customer service for plan participants to obtain answers on claims and benefits questions at (800) 332-1168 or (303) 773-1373. Willis Towers Watson has service representatives that make periodic visits to the participating groups to answer questions. In addition, the Trust administrator markets for prospective new members. Finally, Willis Towers Watson handles the eligibility and premium invoice process between the Trust and the participating employers.

WHAT ARE THE ROLES OF UMR, CVS CAREMARK, DELTA DENTAL & VISION SERVICE PLAN (VSP)?

CEBT has contracted with these managed health care companies to provide claims processing and provider network access:

**UMR** provides third party claim payment services and access to the United Healthcare provider networks for CEBT members who have medical coverage.

**CVS Caremark** provides the pharmacy payment and access to their provider network for CEBT members who have medical coverage using the United Healthcare provider network.

**Delta Dental of Colorado** provides third party dental claim payment services and access to their Dental PPO and Premier networks.

**Vision Service Plan (VSP)** provides the vision payment and access to their provider network for CEBT members who have vision coverage.

Much of your day to day correspondence, such as Explanations of Benefits (EOB) and requests for further information, will come from UMR. Additionally, you will receive ID cards from UMR, CVS Caremark and Delta Dental, but not from VSP. VSP does not utilize cards.
NEED HELP WITH A CLAIM?

CEBT has a customer service team of ten individuals to assist CEBT clients with a variety of benefit information. The Customer Service Representatives are housed right in Willis Towers Watson offices. Their hours of operation are Monday – Friday 7:30am – 4:30pm (except Friday they close at 4:00 pm). If you need assistance in any of the following areas, please call the customer service line at **1-800-332-1168**:

KEY BENEFIT TERMS

BENEFIT YEAR: The 12 months over which the benefits are paid and accumulated. The deductible and out of pocket maximums are accumulated over the Benefit Year and are reset to zero at the beginning of the next Benefit Year. For CEBT, the Benefit Year is January 1 – December 31.

DEDUCTIBLE: The amount you owe for health care services before your health insurance or plan begins to pay.

For example: John has a health plan with a $1,500 annual deductible. He falls off his roof and needs three knee surgeries; the first of which is $800. Because John hasn’t paid anything toward his deductible this year, he is responsible for 100% of his first surgery. $800 is applied to John’s deductible.

COPAY: A fixed amount you pay for a covered health care service, usually due at the time you receive the service. The amount can vary by the type of covered health care service. The copay does not apply towards meeting the deductible but does count towards the out of pocket maximum

CO-INSURANCE: Your share of the costs of a covered health service, calculated as a percent (for example, 20%) of the allowed amount for the service. You pay co-insurance after you have met any deductible you owe.

For example: John’s second surgery costs $3,200. Because he’s paid $800 of his $1,500 annual deductible, John is responsible for the first $700 to meet his deductible. His plan will then cover 80% of the remaining cost, a total of $2,000 ($2,500 x 80%)

- John is responsible for the remaining 20%, or $500 ($2,500 x 20%)
- The total he must pay for his second surgery is $1,200 ($700 deductible + $500 coinsurance)
- John has paid $2,000 for his first two surgeries
OUT OF POCKET MAXIMUM: The most you pay in a calendar year before your health plan begins to pay 100% of the allowed amount.

Items that count towards the out of pocket maximum:
- Copays
- Deductibles
- Co-insurance payments

Items that DO NOT count towards the out of pocket maximum:
- Your premium
- Balance-billed charges
- Charges your health insurance plan does not cover (i.e. plastic surgery and other excluded services)

Example: John’s third surgery costs $12,000; his plan has a $4,000 OOPM. Because John already paid $2,000 toward his OOPM for his first two surgeries, he only needs to spend $2,000 before he hits his OOPM ($4,000 - $2,000). The plan pays the remaining $10,000 ($8,000 - $2,000).

EOB-Explanation of Benefits: An explanation of benefits is a statement sent by a health insurance company to covered individuals explaining what medical treatments and/or services were paid for on their behalf.

FORMULARY: A list of prescription drugs covered by the health plan.

HEALTH SAVINGS ACCOUNT (HSA): A tax advantaged medical savings account available to those who are enrolled in a High Deductible Health Plan (HDHP). The funds contributed to the account are not subject to federal income tax. These funds may be used for a variety of medical, dental, and vision expenses. For a full list, visit www.irs.gov in IRS Publication 502.
KEY BENEFIT TERMS

IN-NETWORK: Doctors, clinics, hospitals and other providers with whom the health plan has an agreement to care for its members. Health plans cover a greater share of the cost for in-network health providers than for providers who are out-of-network.

OUT-OF-NETWORK: A health plan will cover treatment for doctors, clinics, hospitals and other providers who are out-of-network, but covered members will pay more out-of-pocket to use out-of-network providers than for in-network providers.

PCP - Primary Care Provider: A primary care physician is a physician who provides both the first contact for a person with an undiagnosed health concern as well as continuing care of varied medical conditions, not limited by cause, organ system, or diagnosis.

PLAN YEAR: LFRA’s “benefit plan year” is January 1 – December 31. In terms of changes to each plan's benefits, CEBT's plan year is July 1 – June 30, which means any plan benefit changes, especially those mandated by the government are usually required no later than the beginning of CEBT's next plan year.

UCR – Usual, Customary and Reasonable: The amount that the plan will allow for a specific procedure or service. Also known as R&C (Reasonable and Customary). The member can be billed for these charges.

BALANCE BILLING: When a provider bills you for the difference between the provider’s charge and what your health plan pays. Please note that an in-network provider contractually cannot balance bill you for covered services. Balance billed amounts do not apply toward your deductible or out-of-pocket maximum. See an example below of out-of-network charge with balance billing.

Eligible Loveland Fire Rescue Authority Board members have the option to choose from three different medical plan options: EPO Select, PPO4, and HDHP5 offered through the Colorado Employer Benefit Trust (CEBT). Each plan includes comprehensive health care benefits, including free preventive care services and coverage for prescription drugs. These plans use either the SelectColorado or United Choice Plus networks. This is the network of doctors you will want to stay within in order to access your in-network level of benefits.

**EPO Select**

The ACO Select Colorado (Accountable Care Organization) was created in Colorado to deliver a highly collaborative, integrated model of care to provide a Best-In-Class network and to offer an affordable, differentiated care and member experience to improve the quality of care and reduce health care costs. The Select Colorado network is the network used on the EPO Select plan and it is broken out into two different network levels for individuals to access medical care. Tier 1 providers include UCHealth, Children’s Hospital, Optum, SCL Health, CU Medicine, New West Physicians and Monument Health. Any providers not designated as Tier 1 in your network search will be covered under the Tier 2 plan benefits. Tier 1 providers have been hand selected based on patient outcomes and coordinate health care amongst other Tier 1 providers. The SelectColorado Tier 1 network extends across 14 Colorado Counties*. If you receive care outside of one of these 14 counties claims will be processed as Tier 1, as well as any Emergency services. Election of a primary care provider (PCP) is required on this plan and will be listed on your medical ID card. A PCP is a vital part of your health journey and provider relationship to monitor ongoing care and to have a doctor to call with urgent questions.

To locate participating providers, go to the Providers and Partners tab on the CEBT website, click on the UMR option and select Select Providers. If the provider is in-network and DOES NOT HAVE Tier 1 blue dot noted, then services will be paid at the Secondary Benefit Level (Tier 2) when services are received in the Select 14 Colorado Counties.

PPO4

The PPO4 is a Preferred Provider Organization plan that uses the United Choice Plus network of contracted doctors and hospitals to choose from whenever care is needed. While you have access to out-of-network benefits on this plan, it is a good idea to find providers that are contracted with UnitedHealthcare in order to access your best level of benefits. You have a choice to go “in-network” with a provider in the United Choice Plus network which will include lower (negotiated) cost-sharing or “out-of-network” and pay a higher portion of the claims (with no discount).

After you meet your annual deductible, you are responsible for paying a portion of the remaining eligible expenses (your coinsurance) up to your annual out of pocket maximum (OOP). Once your OOP has been met, you are covered at 100% for the remaining calendar year. To locate in-state, in-network providers go to the Providers and Partners tab on the CEBT website, click on UMR and select United Healthcare Providers.

HDHP5

The HDHP5 is a High Deductible Health Plan that uses the United Choice Plus network of contracted doctors and hospitals to choose from whenever care is needed. This Plan has the required elements for you to be able to contribute to a tax-advantaged Health Savings Account (HSA). With the HDHP5 plan, the annual deductible must be met before plan benefits are paid for services other than in-network preventive care services, which are fully covered. This plan offers both in and out-of-network benefits, but it is in your best interest to stay in-network to access your best level of benefits and pay the least amount out of your own pocket. To locate in-state, in-network providers go to the Providers and Partners tab on the CEBT website, click on UMR and select United Healthcare Providers.

BEFORE YOU CHOOSE A PLAN, CONSIDER THIS:

- Do you prefer to pay more for medical out of your paycheck, but less when you need care?
- What planned medical services do you expect to need in the upcoming year?
- Do you or any of your covered family members take any prescription medications on a regular basis?
The tables below summarize the benefits of each medical plan.

The coinsurance amounts listed reflect the amount you pay. Please refer to the official plan documents for additional information on coverage and exclusions.

This comparison of coverage is intended only as a general description for the principle in network features of the benefit plans. If there are questions about a particular benefit or the coverage tier, please refer to the full plan document that is posted on the [www.cebt.org](http://www.cebt.org) website for specific coverage details.

*Charges are subject to Usual & Customary (U&C). These charges are considered in excess of the Reasonable Reimbursement, the Recognized Amount, the Usual and Customary charge, the Negotiated Rate, or the fee schedule. Exclusions under this category do not apply to payments that may be required under the No Surprises Act.

**Preventative Services** – will be processed following the Federal Patient Protection and Affordable Care Act. For more information on these services go to [https://cebt.org/resources/benefit-booklets](https://cebt.org/resources/benefit-booklets).

PPO Note: Combination of PPO and Non PPO out of pocket limit will never exceed the Non PPO out of pocket limit.

PPO Plan deductibles fall under the definition of an Embedded deductible where any single member of a family doesn’t have to meet the full family deductible for the after-deductible benefits to kick in. Once they meet the individual deductible, plan benefits will start to pay.
### HIGH DEDUCTIBLE HEALTH PLAN OPTION

When you seek medical care under the High Deductible Health Plan, you pay for 100% of the services (up to the deductible amount) using funds from your Health Savings Account (HSA) or out of your pocket (remember that preventive care is paid at 100%). Once you meet the deductible, services are covered under the medical plans benefit schedule and you can use your HSA funds to pay for coinsurance, copays and eligible expenses not covered by the plan.

PRESCRIPTION DRUG COVERAGE

The vendor that manages your prescriptions on the CEBT UnitedHealthcare plans EPO Select, PPO4, & HDHP5 is CVS Caremark. Please note that CVS is not the only pharmacy you have access to. You are able to use a pharmacy at King Soopers, Safeway, Walmart, Walgreens, etc. To review commonly prescribed medications and specialty medications or learn more about your pharmacy benefits visit the [CVS Caremark page](#) on the CEBT website.

If you would like to access CVS 90 day mail order for your maintenance medications (blood pressure, cholesterol, etc.), you will need to do so by calling them directly at 866-885-4944 or have your doctor send the prescription into the CVS mail order pharmacy. By using mail order you are able to get a 90 day supply for the cost of a 60 day supply. You can receive three months for the price of two!

Here are six tips to help you save time and money on your medications:

1. **Register at Caremark.com.** That way we can keep you up to date on new and unique ways to save.

2. **Be sure any retail pharmacy you use is in your network.** Network pharmacies are included in your prescription plan to help keep costs low. If you fill out-of-network, you will have to pay 100% of the cost. Find a network pharmacy before you fill at [Caremark.com](http://caremark.com).

3. **Know which medications are covered.** Your plan’s list of covered medications can help you and your doctor find the most cost-effective drug option. Find your plan’s list of covered medications at [Caremark.com](http://caremark.com).

4. **Use the Check Drug Cost tool available at Caremark.com.** You’ll be able to do side-by-side comparison of your medications to see where you could be saving.

5. **Ask your doctor if there is a generic option for your brand-name medication.** Proven just as safe and effective as brand-name medications, generics may be an affordable option for your treatment.

6. **Choose delivery by mail or pick up.** We’ll deliver your 90-day supplies anywhere you like, with no-cost shipping (and status alerts for tracking). Our discreet packages are tamper-proof, weather-proof and temperature controlled, so it’s a safe option for you.

- OR -

Pick them up at any CVS Pharmacy (including those inside Target stores). Either way you get the same quality, price and convenience.

Find even more ways to save when you sign in at [Caremark.com](http://caremark.com).
DENTAL COVERAGE

It's important to have regular dental exams and cleanings so problems are detected before they become painful – and expensive. Keeping your teeth and gums clean and healthy will help prevent most tooth decay and is an important part of maintaining your overall health. The CEBT dental plan uses the Delta Dental network. You can go to any dentist of your choosing with this plan, but it is in your best interest to find a Delta Dental provider. There are 3 different network levels you can access: **PPO Dentist, Premier Dentist, and Non-Participating Dentist.** You will receive the best benefit and the deepest discounts by choosing a PPO dentist. Delta Dental providers offer the greatest savings and protection from balance-billing for covered services. Please refer to the official plan document or for additional information on coverage and exclusions. Locate a Delta Dental network dentist here.

**PPO Dentist** - Payment is based on the PPO dentist's allowable fee, or the actual fee charged, whichever is less.

**Premier Dentist** - Payment is based on the Premier Maximum Plan Allowance (MPA), or the fee actually charged, whichever is less.

**Non-Participating Dentist** - Payment is based on the non-participating Maximum Plan Allowance. Members are responsible for the difference between the non-participating MPA and the full fee charged by the dentist. You will receive the best benefit by choosing a PPO dentist.
Prevention First: Delta Dental of Colorado knows that regular visits to the dentist can improve your oral health and your overall health. With our exclusive PREVENTION FIRST program, your diagnostic and preventive visits will not count against your annual maximum. This helps your benefits go further by extending your annual maximum dollars.

How Prevention First Helps You Stretch Your Benefit Dollars:

Most of our dental plans cover preventive visits at 100%**, so you pay nothing out of pocket. But with PREVENTION FIRST, not only do you pay nothing, but you still have the money that Delta Dental pays available to you in your annual maximum. So in the example below, it’s like you have $350 extra dollars a year to spend.

**Plan benefits and provider charges vary. The above sample assumes two routine check-ups with a PPO provider and $1,000 annual maximum.

Right Start 4 Kids (RS4K): a plan design enhancement that removes most of the cost barriers to dental care by providing coverage for children up to their 13th birthday at 100% coinsurance for diagnostic & preventive, basic, and major services, with no deductible, when in-network providers are seen.* If an out-of-network provider is seen, the adult coinsurance levels will apply. Orthodontic services are available but are not eligible for the RS4K 100% coverage level.

**VISION COVERAGE**

The vision plan provides coverage for routine eye exams and pays for all or a portion of the cost of glasses or contact lenses. You can choose any provider; however, you always save money if you see in-network providers. CEBT offers vision benefits through VSP, which is the network of vision providers you can access. If you would like to find a provider, you are able to go to [www.VSP.com](http://www.VSP.com). Right on the front page you can enter your zip code to pull up local providers. Please note that the benefit year is a rolling 12 months. The table below summarizes key features of the vision plan. Please refer to the official plan summary or for additional information on coverage and exclusions.

Even if you have perfect vision, an annual eye exam is important. Just by examining your eyes, a doctor can find warning signs of high blood pressure, diabetes, and more than 200 other major diseases.

*LFRA Board members are responsible for the total premium cost of the plan as set by the insurance carrier plus a 2% Authority administrative fee. Such payment must be made by reimbursement of the Authority, pursuant to the payment procedures set forth in Attachment A (p.40-41) - such procedures may be amended periodically. Except as otherwise required by federal or state law, failure to make payments as directed will result in termination from the plan.*
HEALTH SAVINGS ACCOUNT (HSA)

Board Members enrolling in the high deductible health plan option (HDHP5) are eligible for an HSA. With an HSA, you can put money aside to help offset your annual deductible and pay for qualified health care expenses.

START IT

Plans with a high deductible typically cost less than other plans so the money you save on premiums can be put into your HSA. With an HSA, you have more flexibility and control over your health care dollars. You can visit HealthCare.gov for ideas on how to set up an HSA.

BUILD IT

All of the money in your HSA is yours even if you change plans, leave your Board member role, or drop your coverage.

In 2024, the total of your contributions can be up to $4,150 for individual coverage and $8,300 for family coverage. If you are age 55 or older, you can contribute an additional $1,000 per year.

USE IT

You can withdraw your money tax-free at any time, as long as you use it for qualified expenses (a list can be found by visiting www.irs.gov and viewing Publication 502). When you turn age 65, your HSA dollars can be spent, without penalty, on any expense (taxes apply).

You can also save this money and hold onto it for future eligible health care expenses.

GROW IT

Unused money in your HSA will roll over, earn interest and grow tax-free over time.

You decide how to use the HSA money, including whether to save it or spend it for eligible expenses. When your balance is large enough, you can invest it – tax-free.

Eligibility Details

In order to fund an HSA you cannot:

- Be enrolled in a non-HSA-eligible medical plan (e.g., your spouse’s HMO plan).
- Be claimed as a dependent on someone else’s tax return.
- Be enrolled in Medicare, TRICARE, or TRICARE for Life.
- Have received Veterans Administration benefits in the previous three months, unless you received treatment for a condition that was/is related to your service.

For more information on health savings accounts, visit www.IRS.gov and view Publication 969.
CEBT HEALTH & WELLNESS CENTERS

The teams at the centers are licensed to diagnose, treat, and prescribe for a wide variety of common illnesses and injuries. In addition to sick care, you have access to a full range of health assessment and coaching services all from a location that is convenient for you and provide a direct savings in your out-of-pocket expenses. Make an appointment at my.marathon-health.com to get:

- **Access when you need it**: appointments usually available within two days or often same day.
- **Save Money**: no co-pays or bills for services provided at the health center for those on the EPO Select or PPO4 medical plans. (There is a $45 cost for sick visits only for those on the HDHP5.)
- **Virtual & in-person appointments**: meet with a provider from your desk, on the go, or face to face, whichever is your preference. For those on the HDHP5, the $45 sick visit cost is waived for virtual visits.
- **One-stop shopping**: labs drawn onsite and many common medications can be prescribed and dispensed.
- **Complete help with your health**: Licensed clinicians are connected to community providers and immunization records, and have time to address all your health related questions.

LIFE & ACCIDENTAL DEATH & DISMEMBERMENT (AD&D) COVERAGE

Life insurance is an important part of your financial security, especially if others depend on you for support. Accidental Death & Dismemberment (AD&D) insurance is designed to provide a benefit in the event of accidental death or dismemberment.

**Life** The Life insurance benefit is payable to the designated beneficiary upon the death of the insured.

**AD&D Coverage** Accidental Death and Dismemberment insurance provides specified benefits for a covered accidental bodily injury that directly causes dismemberment (i.e. the loss of a hand, foot, or eye). In the event that death occurs from an accident, both the Life and the AD&D benefit would be payable.

UMR CANCER RESOURCE SERVICES (CRS)

A program designed for personal support following a cancer diagnosis. Cancer Resource Services (CRS) will provide guidance, direction, and support through tenured oncology nurses as well as access to quality Cancer Centers of Excellence (COE).

**Personal support following a complex cancer diagnosis**

Effective treatment of advanced cancers can be complicated, involving multiple healthcare providers and procedures over an extended period of time.

Cancer Resource Services (CRS), provided through your benefits plan, can help coordinate all aspects of your care, so you can focus on your health and achieve the best outcome possible.

Participants in this program are assigned a personal case manager who will treat you as a person, not a condition. Our case managers are registered nurses with experience in cancer care and will serve as your advocate through the conclusion of your treatment. **This includes:**

- Taking time to guide you through the complexities of cancer care and your treatment options
- Helping you manage your symptoms and common side effects from chemotherapy and other medications
- Working directly with your benefits plan to determine whether certain procedures or clinical trials will be covered
- Providing assistance in accessing care through an Optum Cancer Centers of Excellence (COE) facility
- Making sure you and your family have the support network you need on your road to recovery

**Connect with UMR CARE**

If you plan to seek services from Roswell in New York or Huntsman in Utah, you must enroll with UMR CARE. If you are not accessing one of these facilities, we still encourage you to contact the UMR CARE team to help connect you with the appropriate care for your situation.

Please call the number on the back of your health plan ID card to reach UMR CARE.

**Optum Cancer COEs deliver**

Optum’s national network of leading cancer centers offers:

- Expertise in rare and complex cancers
- Expanded treatment options
- Shorter stays and fewer complications
- Improved outcomes and financial savings
UMR MATERNITY CARE

Get the support you need when considering having a baby, or you are already expecting. UMR Maternity CARE can explain how to reduce your risk of complications and prepare you to have a successful, full-term pregnancy and a healthy baby.

Get the support you deserve

Whether you are considering having a baby or are already expecting, UMR Maternity CARE can explain how to reduce your risk of complications and prepare you to have a successful, full-term pregnancy and a healthy baby.

How we can help

Healthier women are more likely to have healthy babies. If you’re thinking about starting a family, our experienced OB/GYN nurses will help you understand your personal health risks and empower you to take action before you become pregnant. When the time arrives, our registered nurses will support you with timely prenatal education and follow-up calls, and will refer you to case management if a serious condition arises. Your CARE nurse will call you each trimester during your pregnancy and once after your baby is born.

If you are pregnant and are identified as high-risk, a CARE nurse will monitor your condition and work to reduce your claims costs throughout your pregnancy and the post-delivery period.

You can self-enroll in Maternity CARE or pre-pregnancy coaching, or you’ll be contacted and invited to participate if you’re identified as pregnant through a clinical health risk assessment, utilization review or other program referrals.

* To be eligible for the free incentive gift you must enroll during your first or second trimester and continue to actively participate in the program each trimester of your pregnancy.
UMR MATERNITY CARE

Once enrolled, you’ll receive …

One-on-one phone calls with a nurse who:

• Provides comprehensive pre-pregnancy and prenatal assessments
• Shares educational information before you become pregnant and throughout your pregnancy
• Encourages you to call with any questions or concerns and continues to reach out each trimester and again after your delivery to see how you and your baby are doing
• Sends a courtesy letter informing your physician that you’re in the program

Guidance for your support person:
You may also choose to identify a support person who can receive an education call and electronic educational packet. The packet includes information to help them support you through your pregnancy, labor and delivery, and postpartum.

No-cost educational materials in the mail:
You can choose from a selection of high-quality books and other materials containing helpful information about pregnancy, pre-term labor, childbirth, breast-feeding and infant care.

CARE ON THE GO:
The CARE app, powered by Vivify Health, allows us to meet members where they are by connecting them to CARE nurses through their mobile device. Our nurses can view individual health metrics from self-reported data or synchronized monitoring devices and are able to virtually connect with members by text, email or face-to-face via streaming video. It’s free and confidential.

No cost:
Maternity CARE is a valuable benefit provided by your employer at no additional cost to you.

Confidential:
UMR takes confidentiality very seriously. It’s important to know that we won’t share any identifiable, personal health information with your employer. Your employer receives group information only. UMR CARE programs operate in compliance with all federal and state privacy laws.

BOARD MEMBER MEDICAL INSURANCE AND LIFE INSURANCE PROGRAM

Election and Payment Procedures

Effective June 27, 2018

A current Loveland Fire Rescue Authority ("Authority") Board member is eligible to elect coverage in the Authority's medical insurance or life insurance plans pursuant to Authority Resolution 89 Establishing a Board Member Medical Insurance and Life Insurance Program, subject to the election and payment procedures set forth below.

1. Election and Initial Payment

The initial coverage starting July 1, 2018 is considered a special enrollment period. Coverage must be elected by July 31, 2018.

If coverage is elected by July 31, 2018, the Board member has 45 days from the date of the election to pay the initial premiums, plus a 2% Authority administrative fee. Once the initial premium payment is received, the Authority will notify the insurance carrier to instate coverage back to the initial effective date. If the initial payment for coverage is not made in full within 45 days after the date of election, or a payment is submitted but is returned or denied for insufficient funds or other reason, or cannot be processed before the expiration of the grace period, coverage will be cancelled. The Board member may be eligible to elect coverage in the next open enrollment period or through a qualifying life event.

2. Subsequent Monthly Payments

The current premium amounts are shown on the Board Member Health Insurance Premium Rates document available from the Authority's Human Resources office. Premium amounts may change in the future. Any participating Board member will be notified of any premium changes. Monthly payments, including premiums and the 2% Authority administrative fee, are due to the Authority at the address identified in section 4 on the first day of each month for that month's coverage.

Reminder statements may be provided as a convenience. It is the Board member's responsibility to remit the correct monthly amount due on a timely basis, even if the reminder statement has not been received.

3. Grace Periods for Monthly Payments

Although monthly payments are due on the first day of each month of coverage, the Board member will be given a grace period of 30 days after the first day of the month to make each monthly payment. If the payment is hand-delivered or postmarked more than 30 days after the due date, coverage will be cancelled and payment will be refused or refunded. Coverage will be provided for each month as long as payment for that month is made before the end of the grace period for that payment. If a monthly payment is not made before the end of the grace period for the month in which it is due, coverage will be cancelled. The Board member may be eligible to elect coverage during the next open enrollment period or through a qualifying life event.
4. **Remittance Address**

Initial and subsequent monthly payments must be mailed or hand-delivered to:

**Loveland Fire Rescue Authority**  
**410 E. Fifth Street**  
**Loveland, CO 80537**

If mailed, payment is considered to have been made on the date it is postmarked. Board members are advised to hand-deliver any payment if it is uncertain whether the payment will be postmarked by the date due. If hand-delivered, payment is considered to have been made when it is received by the Authority office at the address above.

**Weekends and Holidays**

If the due date falls on a weekend or Authority-recognized holiday, payment will be accepted the following business day.

**Insufficient Funds**

Payments will not be considered to have been made by mailing or hand-delivery if the Board member’s payment is returned or denied due to insufficient funds or otherwise.
