ORDINANCE NO. 6378

AN ORDINANCE REPEALING AND REENACTING CHAPTER 15.28 OF THE
LOVELAND MUNICIPAL CODE AND ADOPTING BY REFERENCE THE
INTERNATIONAL FIRE CODE, 2018 EDITION

WHEREAS, pursuant to Section 4-12 of the Charter of the City of Loveland, the City Council is authorized to adopt, by ordinance, any code by reference in accordance with the procedures established by state law; and

WHEREAS, the Loveland Fire Rescue Authority Board has recommended that City Council adopt the 2018 Edition of the International Fire Code (the “2018 IFC”), and amendments thereto; and

WHEREAS, the City Council has conducted a public hearing pursuant to C.R.S. §31-16-203 concerning the adoption of the 2018 IFC by reference and finds and determines that it is necessary to the health, safety and general welfare of the public that the City regulate conditions hazardous to life and property by the adoption of the 2018 IFC, and certain amendments and modifications thereto.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF LOVELAND, COLORADO:

Section 1. Chapter 15.28 of the Loveland Municipal Code is hereby repealed in its entirety and reenacted to read as follows:

CHAPTER 15.28. - FIRE CODE

The International Fire Code 2018 Edition, issued and published by the International Code Council, 4051 West Flossmoor Road, Country Club Hills, IL 60478-5795, including appendices B, C, D, E, F, G, H and I, is hereby adopted by reference as the fire code of the City. The purpose of the fire code is to provide minimum standards to safeguard life and limb, health, property and the public welfare by regulating fire and explosion hazards arising from the storage, handling and use of hazardous substances, materials and devices, and from conditions hazardous to life or property in the occupancy of buildings and premises; and to provide for the issuance of permits and collection of fees therefore. At least one copy of the International Fire Code, 2018 Edition, which has been certified by the Mayor and City Clerk, shall be on file in the office of the City Clerk, and may be inspected during regular business hours.

The International Fire Code, 2018 Edition, adopted in this chapter, is modified as follows:

A. Section 101.1 – Title - is amended to read as follows:

These regulations shall be known as the City of Loveland Fire Code hereinafter referred to as "the fire code".

B. Section 105.6.16 – Flammable and combustible liquids - is amended as follows:

1. Paragraph 2 is amended to state as follows:

To store, handle or use Class I liquids in excess of 10 gallons in a building or in excess of 50 gallons outside of a building, except that a permit is not required for the following:
(2.1 and 2.2 remain unchanged)

2. Paragraph 3 is amended to state as follows:

To store, handle or use Class II or Class IIIA liquids in excess of 50 gallons in a building or in excess of 249 gallons outside a building, except for fuel oil used in connection with oil-burning equipment.

C. Section 105.6.30 – Mobile food preparation vehicles - is amended to read as follows:

A permit is required for mobile food preparation vehicles equipped with appliances that produce smoke or grease-laden vapors. Businesses shall be required to comply with Annex B of NFPA 96 (2017): Standard of Ventilation Control and Fire Protection of Commercial Cooking Operations, as well as specific policies approved by the fire code official.

D. Section 105.6.36 – Outdoor assembly event – is amended to read as follows:

An operational permit is required to conduct an outdoor assembly event where planned attendance exceeds 1,000 persons, or where the event includes high-risk activities as defined in Chapter 2 of this code.

E. Section 105.6.47 – Temporary membrane structures and tents – is amended to read as follows:

An operational permit is required to operate an air-supported temporary membrane structure or a tent having an area in excess of 700 square feet.

F. Section 105.6.51 – Marijuana and/or hemp establishments or businesses – is amended to read as follows:

Businesses or establishments that sell, grow, or process marijuana or hemp, or businesses or establishments that perform extractions of marijuana or hemp, shall be required to comply with Chapter 38 of NFPA 1: Fire Code, as well as specific policies approved by the fire code official and the local government with jurisdiction, to include obtaining the required permit(s) for the operations of said business or establishment.

G. Section 106.2 – Schedule of permit fees – is amended to read as follows:
Fees for any permits, inspections and services authorized by this code shall be assessed in accordance with the fee schedule established by the Loveland Fire Rescue Authority Board of Directors.

H. Section 109 – Board of appeals – is deleted in its entirety.

I. Section 110.4 – Violation penalties – is deleted in its entirety.

J. Section 112.4 – Failure to comply – is amended to read as follows:

Any person who shall continue work after having been issued a stop work order, except such work as that person is directed to perform to remove a violation or unsafe condition, shall be liable to a fine of $500.

K. A new Section 114 – Reporting of emergencies and false alarms – is added and reads as follows:

**SECTION 114 REPORTING OF EMERGENCIES AND FALSE ALARMS**

114.1 General. Reporting of fires and hazardous materials releases shall be in accordance with Section 114.

114.2 Reporting emergencies. In the event a fire occurs or the discovery of a fire, smoke or unauthorized release of flammable, combustible or hazardous materials on any property occurs, the owner, owner’s authorized representative or occupant shall without delay report such condition to the fire department.

114.3 False alarms. False alarms shall not be given, signaled or transmitted or caused or permitted to be given, signaled or transmitted in any manner.

L. Section 202 – Definitions – is amended by the addition of new definitions to read as follows:

BOARD. Wherever the word "Board" is used, it shall be held to mean the Board of Directors of Loveland Fire Rescue Authority.

BOARD OF APPEALS. Wherever the term "Board of Appeals" is used, it shall refer to the LFRA Board of Appeals, as established.

DISTRICT. Wherever the word "District" is used, it shall be held to mean the fire protection district with jurisdiction.

HIGH-RISK ACTIVITIES. Special events shall be deemed to be high-risk activities if they include the following proposed activities: display of fireworks, high-speed operation of motor vehicles, mobile food vendors, parades, races, temporary road closures, inflatable attractions, or public alcohol sales and/or consumption.

JURISDICTION. Wherever the word "Jurisdiction" is used, it shall be held to mean to the inclusive boundaries of the fire protection district with jurisdiction.

RURAL FIRE FLOW AREA. The geographic area as determined by the fire code official that traditionally has had limited fire flow.
URBAN FIRE FLOW AREA. The geographic area as determined by the fire code official that traditionally has had adequate fire flow.

M. Section 307.1.1 – Prohibited open burning – is amended to read as follows:

Open burning shall be prohibited when atmospheric conditions or local circumstances make such fire hazardous. Open burning shall be specifically prohibited during active Red Flag Warnings.

Exceptions: Prescribed burning for the purpose of reducing the impact of wildland fire when authorized by the fire code official. Agricultural burning that is approved by the fire code official and is conducted in accordance with Colorado Air Quality Control Commission Regulation Number 9 (5 CCR 1001-11).

N. Section 307.2 – Permit required – is amended to read as follows:

A permit shall be obtained from the County health department of jurisdiction in accordance with Section 105.6.32 prior to kindling a fire for recognized silvicultural or range or wildlife management practices, or prevention or control of disease or pests. Application for such approval shall only be presented by and permits issued to the owner of the land on which the fire is to be kindled.

L. Section 308.1.6.3 – Sky lanterns – is amended to read as follows:

The use, lighting, tethering or release of sky lanterns is prohibited.

O. Section 311.5 – Placards – is amended to read as follows:

The fire code official is authorized to require any vacant or abandoned buildings or structures determined to be unsafe pursuant to Section 110 of this code relating to structural or interior hazards to be marked as required by Sections 311.5.1 through Section 311.5.5.

P. Section 503.1 – Where required – is amended to read as follows:

Fire apparatus access roads shall be provided and maintained in accordance with Sections 503.1 through 503.6 and Appendix D “Fire Apparatus Access Roads.”

Q. Section 503.1.1 – Buildings and facilities - Exception 1.1 is amended to read as follows:

If the building is equipped throughout with an approved automatic sprinkler system installed in accordance with 903.3.1.1, 903.3.1.2 or 903.3.1.3, the dimension is allowed to increase to 300 feet.

R. Section 503.1.2 – Additional access – is amended to read as follows:

A minimum of two approved fire-apparatus access roadways shall be provided to each new residential development or new commercial or multi-family building within the jurisdiction. If multiple fire apparatus access roadways cannot be provided, all occupiable structures that
are located more than 660 feet from the last roadway providing access from two directions, as measured from the centerline of this last roadway, shall be protected with an approved automatic fire sprinkler system.

**Exception:** Where all occupiable structures beyond 660 feet (201 m) of the centerline of the last roadway providing access to the dead-end road are equipped throughout with an approved automatic sprinkler system in accordance with Section 903.3.1.1, 903.3.1.2 or 903.3.1.3.3, access from two directions shall not be required.

S. Section 503.1.2 – Additional access – is amended by the addition of a new Section 503.1.2.1 to read as follows:

**503.1.2.1 Access to buildings.** A minimum of two approved fire-apparatus access drives shall be provided to each building or portion of building hereafter constructed or moved into the jurisdiction.

**Exception:** One- and two-family dwellings.

R. Section 503.1.3 – Limited access – is added and reads as follows:

The fire code official is authorized to modify the fire-apparatus access requirements due to existing waterways, topography, hazards or other factors.

S. Section 503.2 – Specifications – is amended to read as follows:

Fire apparatus access roads shall be installed and arranged in accordance with Section 503 and Appendix D “Fire Apparatus Access Roads.”

T. Section 503.2.5 – Dead ends - is amended to read as follows:

Dead-end fire apparatus access roads in excess of 150 feet in length shall be provided with an approved area for turning around fire apparatus.

U. Section 503.2.7 – Grade – is amended to read as follows:

Fire apparatus access roads shall not exceed 10 percent in grade.

**Exception:** Grades steeper than 10 percent as approved by the fire code official.

U. Section 5.3.2.8 – Angles of approach and departure – is amended to read as follows:

Grade changes upon a fire apparatus access road or when entering or exiting from or to a fire apparatus access road, shall not exceed a 10 percent angle of approach or angle of departure.

V. Section 505.1 – Address identification - is amended to read as follows:

New and existing buildings or facilities shall be provided with approved address identification. The address identification shall be legible and placed in a position that is visible from the street or road fronting the property. Address identification characters shall
contrast with their background. Address numerals shall be Arabic numbers and street names, if required to be installed with the numerals, shall be alphabet letters. Numbers shall not be spelled out with alphabet letters. Address identification shall be maintained.

505.1.1 Addresses shall be assigned by the City of Loveland and shall comply with the Larimer County Street Naming and Addressing Standards as contained in the Larimer County Urban Area Street Standards.

505.1.2 The approved address numerals shall be visible from the street fronting the property, and posted on a contrasting background. Bronze or brass numerals shall not be posted on a brick background.

505.1.3 The address numerals for any commercial or industrial buildings shall placed at a height to be clearly visible from the street. Where required by the fire code official, address identification shall be provided in additional, approved locations to facilitate emergency response.

505.1.4 Where access is by means of a private road and the building cannot be viewed from the public way, a monument, pole or other sign or means shall be used to identify the structure.

505.1.5 Commercial or multiple-family buildings shall have numerals with a minimum height of six inches and stroke width of one-half inch. Buildings three or more stories in height or with a total floor area of 15,000 to 50,000 square feet, shall have numerals with a minimum eight-inch height and stroke width of one inch. Buildings with a total floor area of 50,000 square feet or greater shall have numerals with a minimum height of 12 inches and stroke width of 1.5 inches.

505.1.6 Residential buildings that contain not more than two dwelling units shall have a minimum four-inch high numerals, with a minimum stroke width of one-half inch.

505.1.7 Individual suite or unit addresses shall be displayed with minimum four-inch high numerals, with a minimum stroke width of one-half inch.

505.1.8 Monument signs shall not used in lieu of address numerals on the building.

505.1.9 Buildings with multiple suites, apartments or units shall have the individual suites, apartments or units provided with individual identification numbers in an approved, sequential order. Suites, apartments or units located on the first floor shall be identified by numbers within the 100 or 1000 range or series; Suites, apartments or
units located on the second floor shall be identified by numbers within the 200 or 2000 range or series; Suites, apartments or units located on the third floor units shall be identified by numbers within the 300 or 3000 range or series. Higher floors shall follow this same numbering scheme. Floors below grade shall be identified with numerals within the 0100 range on the first floor below grade and 0200 on the second floor below grade; lower floors shall follow the same numbering pattern.

505.1.10 Buildings, either individually or part of a multi-building complex, that have emergency access lanes on sides other than on the addressed street side, may be required to have the address numerals and street name on each side that fronts the fire lane(s).

505.1.11 Buildings that are addressed on one street, but are accessible from an adjoining street, may be required to affix the address numerals and street name on each side that is adjacent to the other street(s).

505.1.12 Approved signage shall be provided in conspicuous locations on or within buildings to provide clear direction to locate any suite, apartment or unit within the building.

505.1.13 Multiple-building complexes shall be provided with approved signage as needed to direct first responders to individual buildings.

X. Section 507.3 - Fire flow - is amended to read as follows:

Fire flow requirements for buildings or portions of buildings and facilities shall be determined in accordance with Appendix B of this code.

W. Section 507.5.1.1 – Hydrant for fire department connections – is amended as follows:

Buildings equipped with a fire department connection shall have a fire hydrant located with 150 feet of the fire department connection, using an approved route without obstacles. The hydrant and fire department connection shall be on the same side of the fire apparatus access road or parking lot drive aisle, unless otherwise approved by the fire code official.

**Exception:** The distance shall be permitted to exceed 150 feet where approved by the fire code official.

X. Section 509.1 – Identification – is amended by the addition of a new subsection 509.1.2 to read as follows:

509.1.2 Utility disconnect. The fire code official is authorized to approve utility disconnect locations.

Y. Section 901.1 – Scope - is amended to read as follows:
The provisions of this chapter shall specify where fire protection and life safety systems are required and shall apply to the design, installation, inspection, operation, testing and maintenance of all fire protection systems. Where requirements of this code and the International Building Code are in conflict, the more restrictive shall apply.

Z. A new Section 903.2.8.5 – Dead-end roadways – is added and reads as follows:

An approved automatic fire-sprinkler system shall be installed in all Group R occupancies, including one- and two-family residences and townhomes, when the structure is located beyond 660 feet of the entrance to a dead-end roadway, as measured from the centerline of the last roadway providing access to the dead-end road.

AA. Section 903.2.9 – Group S-1 - is amended by a new condition which reads as follows:

6. A Group S-1 fire area exceeds 5,000 square feet (464.5 m2) for self-storage buildings or structures.

BB. Section 903.4.3 - Control valves - is amended to read as follows:

Approved supervised indicating control valves shall be provided at the point of connection to the riser on each floor in all multi-story structures and to each individual tenant space in multi-tenant structures.

CC. Section 907.5.2 – Alarm notification appliances – is amended to read as follows:

Alarm notification appliances shall provide full occupant notification throughout the entire building or structure, and shall be designed and installed in accordance with NFPA 72. Alarm notification appliances shall be listed for their purpose.

CC. Section 1103.5.3 – Group I-2, Condition 2 – is amended to read as follows:

In addition to the requirements of Section 1103.5.2, existing buildings of Group I-2, Condition 2 occupancy shall be equipped throughout with an approved automatic sprinkler system in accordance with Section 903.3.1.1. The automatic sprinkler system shall be installed as established by the adopting ordinance.

DD. Section 3103.2 - Approval required - is amended in part to read as follows, however, the exceptions remain unchanged:

Tents/Canopies and membrane structures in excess of seven hundred (700) square feet shall not be erected, operated or maintained for any purpose without first obtaining a permit and approval from the fire code official.

EE. A new Section 3106.4.1.1 – Standby emergency medical services - is added and reads as follows:

**3106.4.1.1 Standby emergency medical services.** Public assembly events with an anticipated attendance of 350 persons or more shall require the standby services of at least one basic life support ambulance staffed with at least two EMT-Basics. Public assembly events with an anticipated attendance of more than 1,000 persons shall require the standby
services of at least one advances life support ambulance staffed with at least one (1) EMT-Paramedic and one EMT-Basic. The fire code official is authorized to grant exceptions and/or alternate plans for the provision of standby emergency medical services.

FF. Section 5001.1 – Scope - Exception No. 10, is amended to read as follows:

10. The production, processing and storage of distilled spirits and wines in wooden barrels and casks when the facility is in conformance with the most recently published edition of the Distilled Spirits Council of the United States (DISCUS) “Recommended Fire Protection Practices for Distilled Spirits Beverage Facilities.”

GG. Section 5601.1.3 – Fireworks - is amended to read as follows:

The possession, manufacture, storage, sale, handling and use of fireworks are prohibited unless permitted by state and local laws.

HH. Section 5601.1.3 - Fireworks – Exception No. 4, is amended to read as follows:

4. The possession, storage, sale, handling and use of permissible fireworks in accordance with the criteria established by the fire code official.

II. Section 5601.2.2 – Sale and retail display – is amended to read as follows:

Persons shall not construct a retail display nor offer for sale explosives, explosive materials or fireworks on highways, sidewalks, public property or in any permanent building.

JJ. Section 5602 – Definitions - is amended by the addition of a new defined term to read as follows:

PERMISSIBLE FIREWORKS. Permissible fireworks are as defined in C.R.S. Section 12-28-101(8).

KK. A new Section 5610 – Permissible Fireworks – is amended to read as follows:

SECTION 5610 PERMISSIBLE FIREWORKS

5610.1 General. Permissible fireworks use shall be as detailed in this section and in accordance with state and local laws.

5610.2 Use of Fireworks. The use of permissible fireworks shall be in accordance with Sections 5610.2.1 through 5610.2.4.

5610.2.1 It shall be unlawful for any person to possess, store, offer for sale, expose for sale, sell at retail, or use, or discharge any fireworks, other than permissible fireworks.

5610.2.2 It shall be unlawful for any person to knowingly furnish to any person under the age of sixteen (16) years of age, by gift, sale, or any other means, any fireworks, or permissible fireworks.

5610.2.3 It shall be unlawful for any person under sixteen (16) years of age to purchase fireworks, including permissible fireworks.
5610.2.4 It shall not be unlawful for a person under sixteen (16) years of age to possess and discharge permissible fireworks if such person is under adult supervision throughout the act of possession and discharge.

LL. Section 5701.2 – Nonapplicability – item number 10 is amended to read as follows:

10. The production, processing and storage of distilled spirits and wines in wooden barrels and casks when the facility is in conformance with the most recent edition of the Distilled Spirits Council of the United States (DISCUS) “Recommended Fire Protection Practices for Distilled Spirits Beverage Facilities.”

MM. Subsection 5704.2.9.6.1 - Locations where above-ground tanks are prohibited - is amended to read as follows:

Storage of Class I and II liquids in above-ground tanks outside of buildings is prohibited within the limits established by law in accordance with ordinances adopted by the City of Loveland.

Exception: Above-ground tank storage of aviation fuels at the Northern Colorado Regional Airport fuel farm.

NN. Section 5704.2.14.1 - Removal – is amended to add an item number 7 to read as follows:

7. Removal of above-ground and underground tanks shall be in accordance with federal, state and local regulations.

OO. Section 5704.3.3 – Indoor storage – is amended to read as follows:

Storage of flammable and combustible liquids inside buildings in containers and portable tanks shall be in accordance with Sections 5704.3.3.1 through 5704.3.3.10.

Exceptions:
1. Liquids in the fuel tanks of motor vehicles, aircraft, boats, or portable or stationary engines.

2. The production, processing and storage of distilled spirits and wines in wooden barrels and casks when the facility is in conformance with most recent edition of the Distilled Spirits Council of the United States (DISCUS) “Recommended Fire Protection Practices for Distilled Spirits Beverage Facilities.”

PP. Section 5706.2.4 - Permanent and temporary tanks - is amended to read as follows:

The capacity of permanent above-ground tanks containing Class I or Class II liquids shall not exceed five hundred (500) gallons. The capacity of temporary above-ground tanks containing Class I or Class II liquids shall not exceed two thousand (2,000) gallons unless a larger amount is approved in writing by the fire code official. Tanks shall be of single-compartment design.

QQ. Section 5706.2.4.4 – Locations where above-ground tanks are prohibited -is amended to read as follows:
The storage of Class I and II liquids in above-ground storage tanks is prohibited within the limits established by law in accordance with ordinances adopted by the City of Loveland.

RR. Section 5706.3 – Well drilling and operating – is amended by adding the following subsections:

5706.3.9 Portable fire extinguishers. Portable fire extinguishers shall be located throughout the site in locations approved by the fire code official.

5706.3.10 Identification of hazards. All hazardous materials tanks or containers shall be appropriately labeled in accordance with NFPA 704, or other standard as approved by the fire code official. All hazard markings shall be maintained by the operator.

5706.3.11 Access roads. All access roads to well drilling and operating facilities shall comply with Section 505.1 and Appendix D of this code.

5706.3.12 Facility security. All fences and gates installed to provide facility security shall comply with Section 503.6 of this code. The fire code official may require a Knox Box, Knox switch, or Knox padlock to be installed by the operator to provide fire department access to the site.

5706.3.13 Safety regulations. All oil and gas locations shall comply with all Colorado Oil and Gas Conservation Commission (COGCC) rules. COGCC Rule 600 shall be specifically addressed for all site safety requirements.

SS. Section 5806.2 - Limitations - is amended to read as follows:

Storage of flammable cryogenic fluids in stationary containers outside of buildings is prohibited within the limits established by law in accordance with ordinances adopted by the City of Loveland.

TT. Section 6104.2 – Maximum capacity within established limits - is amended to read as follows:

Within the limits established by law restricting the storage of liquefied petroleum gas for the protection of heavily populated or congested areas, the aggregate capacity of any one installation shall not exceed the limits established by ordinance and/or zoning regulation adopted by the local government with jurisdiction.

**Exception:** In particular installations, this capacity limit shall be determined by the fire code official, after consideration of special features such as topographical conditions, nature of occupancy, and proximity to buildings, capacity of proposed LP-gas containers, degree of fire protection to be provided and capabilities of the local fire department. These provisions shall not be interpreted so as to conflict with the provisions of Colorado Revised Statutes Title 8, Article 20 or Title 34 as amended. In the event of any conflict, the more restrictive provision shall prevail.

UU. Chapter 80 – Referenced Standards – is amended by adding the following additional referenced standards in alphabetical and numeral sequence:
COGCC
Colorado Oil and Gas Conservation Commission
1120 Lincoln Street, Suite 801
Denver, CO 80203

Rule 600: Safety Regulations

VV. Section B105.1 – One- and two-family dwellings, Group R-3 and R-4 buildings and townhouses – is amended to read as follows:

In the urban fire-flow area, the minimum fire-flow and flow duration requirements for one- and two-family dwellings, Group R-3 and R-4 buildings and townhouses up to 3,600 square feet in area shall be 1,000 gpm, with a flow duration of 1 hour. In rural fire-flow areas, minimum fire-flow and flow duration shall be 500 gallons per minute and 1 hour for one- and two-family dwellings, Group R-3 and R-4 and townhomes less than 3,600 square feet in area. For any one- and two-family dwellings, Group R-3 and R-4 and townhouses exceeding 3,600 square feet in area, regardless of location, minimum fire-flow and flow duration requirements shall be as specified in Table B105.1.

Exception: The fire code official is authorized to decrease the minimum required fire-flow and flow duration for one- and two-family dwellings, Group R-3 and R-4 buildings and townhouses protected by an approved automatic sprinkler system.

XX. Section B105.2 – Buildings other than one- and two-family dwellings, Group R-3 and R-4 and townhouses – is amended to read as follows:
The minimum fire-flow and flow duration for buildings other than one- and two-family dwellings, Group R-3 and R-4 buildings and townhouses shall be as specified in Tables B105.1 and B105.2.

YY. Table B105.1(1) – Required fire flow for one- and two-family dwellings, Groups R-3 and R-4 buildings and townhomes – is deleted in its entirety.

ZZ. Table B105.1(2) – Reference table for Tables B105.1(1) and B105.2 – is renamed “Table B105.1 – Area, Fire Flow and Duration”

AAA. Table B105.2 – Required fire flow for buildings other than one- and two-family dwellings, group R-3 and R-4 buildings and townhomes – is amended in full as follows:

### TABLE B105.2

**REQUIRED FIRE FLOW FOR BUILDINGS OTHER THAN ONE- AND TWO-FAMILY DWELLINGS, GROUP R-3 AND R-4 BUILDINGS AND TOWNHOUSES**

<table>
<thead>
<tr>
<th>AUTOMATIC SPRINKLER SYSTEM (Design standard)</th>
<th>MINIMUM FIRE FLOW (gallons per minute)</th>
<th>FLOW DURATIONS (hours)</th>
</tr>
</thead>
<tbody>
<tr>
<td>No automatic sprinkler system</td>
<td>Value in Table B105.1</td>
<td>Duration in Table B105.1</td>
</tr>
<tr>
<td>Section 903.1.1 of the International Fire Code</td>
<td>25% of the value in Table B105.1(^a)</td>
<td>Duration in Table B105.1 at the reduced flow rate</td>
</tr>
<tr>
<td>Section 903.3.1.2 of the International Fire Code</td>
<td>25% of the value in Table B105.1(^b)</td>
<td>Duration in Table B105.1 at the reduced flow rate</td>
</tr>
</tbody>
</table>

\(^a\) The reduced fire flow shall be not less than 1,000 gallons per minute  
\(^b\) The reduced fire flow shall be not less than 1,500 gallons per minute

BBB. Section B106 – Referenced standards - is amended by the deletion of IRC-18 Table B105.1(1).

CCC. Section C101.1 – Scope – is amended to read as follows:

In addition to the requirements of Section 507.5.1, fire hydrants shall be provided in accordance with this appendix for the protection of buildings, or portions of buildings, hereafter constructed or moved into the jurisdiction. The fire code official is authorized to modify the location, number and distribution of fire
hydrants based on site-specific constraints and hazards.

DDD. Table C102.1 – Required number and spacing of fire hydrants – is amended by
(1) renaming it “Required number of fire hydrants,” (2) deleting columns “average
spacing between hydrants” and “maximum distance from any point on street or road
frontage to a hydrant,” and (3) deleting all footnotes.

EEE. Section C103 – Fire hydrant spacing – is amended with the creation of Table C103.1
Required Spacing of Fire Hydrants and associated footnotes as follows:

| TABLE C103.1 |
| REQUIRED SPACING OF HYDRANTS |
| APPLICATION | SPACING BETWEEN HYDRANTS (feet) \(^{a,b}\) | MAXIMUM DISTANCE FROM THE CLOSEST POINT ON A BUILDING TO A HYDRANT (feet) |
| Buildings other than one- and two-family dwellings, Group R-3 and R-4, and townhouses | 350 | 400\(^{c}\) |
| Urban One- and Two-Family Dwellings, Group R-3 and R-4, and townhouses | 600 | 600 |
| Rural One- and Two-Family Dwellings, Group R-3 and R-4, and townhouses | 1,000 | 1,000 |

\(^{a}\) Where streets are provided with median dividers that cannot be crossed by fire
fighters pulling hose lines, or are arterial streets, hydrant spacing shall average 350 feet
on each side of the street and be arranged on an alternating basis.

\(^{b}\) Where new water mains are extended along streets where hydrants are not needed
for protection of structures or similar fire problems, fire hydrants shall be provided at
spacing not to exceed 1,000 feet to provide for transportation hazards.

\(^{c}\) For buildings equipped with a fire department connection, see Section 507.5.1.1.

FFF. Section C103.1 – Hydrant spacing – is amended to read as follows:
Fire apparatus access roads and public streets providing required access to buildings in accordance with Section 503 shall be provided with one or more fire hydrants, as determined by Section C102.1. Where more than one fire hydrant is required, the distance between required fire hydrants shall be in accordance with Sections C103.2 and C103.3.

GGG. Section C103.2 − Spacing between hydrants − is amended to read as follows and by deleting the exception:

The spacing between fire hydrants shall be in accordance with Table C103.1.

HHH. Sections C103.3 − Spacing from hydrants to a building − is amended to read as follows:

The maximum spacing from fire hydrants to a structure shall be in accordance with Table C103.1.

III. Section C105 − Referenced standard − is deleted in its entirety.

JJJ. Section D102.1 − Access and loading − is amended to read as follows:

Facilities, buildings or portions of buildings hereafter constructed shall be accessible to fire department apparatus by way of an approved fire apparatus access road capable of supporting the imposed load of fire apparatus weighing at least 80,000 pounds (36,287 kg).

KKK. Section D102 − Required access − is amended by the addition of a new Section D102.2 and subsection D102.2.1 to read as follow:

**D102.2 Roadway surface.** All access roadways must be all-weather driving surfaces capable of supporting fire apparatus. Surfaces shall be asphalt or concrete and maintained in a usable condition at all times. Compacted road base or other all-weather surfaces engineered and capable of supporting the imposed loads may be approved for outdoor vehicle storage, ground-mounted solar installations, cell towers and similar isolated facilities and structures when approved by the fire code official.

**D102.2.1 Access during construction.** Compacted road base, chip or other all-weather surfaces shall be used only for temporary emergency access. All required access roads must be installed and serviceable before aboveground construction begins. Temporary access shall be available as long as the site is under construction. Thereafter, permanent fire lanes confirming with D102.1 and D102.2 shall be accessible and unobstructed at all times.

LLL. Figure D103.1 is amended to reflect the following:
MMM. Table D103.4 – Requirements for dead-end fire apparatus access roads is amended to read as follows:

**TABLE 103.4**
**REQUIREMENTS FOR DEAD-END FIRE APPARATUS ACCESS ROADS**

<table>
<thead>
<tr>
<th>LENGTH (feet)</th>
<th>WIDTH (feet)</th>
<th>TURNAROUNDS REQUIRED</th>
</tr>
</thead>
<tbody>
<tr>
<td>0-150</td>
<td>20</td>
<td>None required</td>
</tr>
<tr>
<td>151 and longer</td>
<td>20</td>
<td>100-foot hammerhead, 100-foot cul-de-sac in accordance with Figure D103.1</td>
</tr>
</tbody>
</table>

NNN. Section D103.3 – Turning radius – is amended to read as follows:

The minimum turning radii shall be 25 feet inside radius and 50 feet outside radius.

OOO. Section D103.5 – Fire apparatus access road gates – is amended by the addition of a new exception to read as follows:

**Exception:** Private driveways serving one single-family residence.
PPP. Section D103.6 – Signs – is amended to read as follows:

Where required by the fire code official, fire apparatus access roads shall be marked with permanent NO PARKING – FIRE LANE signs complying with Diagram 1418 of the Larimer County Urban Area Street Standards. Signs shall be posted on one or both sides of the fire apparatus road as required by Section D103.6.1 or D103.6.2.

QQQ. Figure D103.6 – Fire lane signs – is deleted in its entirety.

RRR. Section D104 – Emergency vehicle access to all developments – is amended to read as follows:

Section D104 EMERGENCY VEHICLE ACCESS TO ALL DEVELOPMENTS

D104.1 Multiple access. A minimum of two approved fire-apparatus access roads shall be provided to each developed lot within the jurisdiction. If multiple fire apparatus access roadways cannot be provided and the single, dead-end roadway is in excess of 660 feet in length, as measured from the centerline of the last roadway providing access to the dead-end road, all occupiable structures located beyond 660 feet shall be protected with an approved automatic fire sprinkler system.

Exception: Where all occupiable structures beyond 660 feet (201 m) of the centerline of the last roadway providing access to the dead-end road are equipped throughout with an approved automatic sprinkler system in accordance with Section 903.3.1.1, 903.3.1.2 or 903.3.1.3.3, access from two directions shall not be required.

D104.2 Access to buildings. A minimum of two approved fire-apparatus access drives shall be provided to each building or portion of building hereafter constructed or moved into the jurisdiction.

Exception: One- and two-family dwellings.

D104.3 Remotehness. Where two fire apparatus access roads are required, they shall be placed a distance apart equal to not less than one half of the length of the maximum overall diagonal dimension of the lot or area to be served, measured in a straight line between accesses. If all structures are protected by an approved automatic fire-sprinkler system, the access roadways may be placed a distance apart equal to not less than one-third the length of the maximum overall diagonal dimension of the property or area to be served, measured in a straight line.

QQQ. Sections D106, D107, and D108 are deleted in their entirety.
15.28.025 - Emergency restrictions on outdoor fires.

A. If in the judgment of the City Council or of the City Manager, after his or her consultation with the fire chief of the Loveland Fire Rescue Authority, a high risk of fire danger to persons or property exists or is forecasted to soon occur within the City and areas surrounding the City as the result of hot, dry or windy weather conditions, or any combination thereof, the City Council and the City Manager may each ban or restrict outdoor fires within the City as provided in this section.

B. The City Council may impose a ban or restrictions on outdoor fires as authorized in this section by the adoption of a resolution. Promptly after the Council's adoption of any such resolution, the City Clerk shall cause the resolution to be published in a Loveland daily newspaper and to be posted prominently on the City's Internet website. The date upon which the ban or restrictions shall take effect shall not be earlier than the next day after the resolution is published in the newspaper. Following this same procedure, the City Council may at any time adopt a resolution terminating or modifying the ban or restrictions to be in effect as of the date and time of its adoption or such other date and time as stated in the resolution.

C. If the City Manager imposes a ban or restrictions on outdoor fires as authorized in this section, the City Manager shall cause a notice to be published in a Loveland daily newspaper and posted on the City's Internet website notifying the public of the specific date and time when the ban or restriction shall take effect and it shall expressly specify the types of outdoor fires prohibited and/or the restrictions being imposed on outdoor fires. The date upon which the ban or restrictions will take effect shall not be earlier than the next day after the notice is so published. If the City Manager determines, after consultation with the Fire Chief of the Loveland Fire Rescue Authority, that the emergency conditions no longer exist or have lessened, the City Manager may, following the same procedure set forth in this paragraph, terminate or modify the ban or restrictions. Any such termination or modification shall not take effect any earlier than the next day after publication of the notice. In addition, the City Council may at any time adopt a resolution terminating or modifying any outdoor fire ban or restrictions imposed by the City manager under this section. Any such resolution shall replace, supersede and preempt in all respects any outdoor fire ban and restriction imposed by the City Manager under this section. The City Council's resolution shall be published and posted in the same manner as any resolution adopted under Subsection B of this section and the Council's action taken in a resolution adopted under this paragraph shall be in effect as of the date and time of its adoption or such other date and time as stated in the resolution.

D. If any provision of this Chapter 15.28, this Code or of any City ordinance is inconsistent or in conflict with any ban or restriction imposed by the City Council or the City Manager pursuant to this section, such provision shall be deemed temporarily superseded by this section and its legal effect shall be held in abeyance so long as such ban or restriction remains in legal effect under this section or until the City Council or the City Manager terminates or modifies the ban or restrictions as provided in this section.

E. As used in this section, "outdoor fire" shall mean the burning of materials wherein products of combustion are emitted directly into the ambient air without passing through a stack or chimney from an enclosed chamber. For purposes of this definition, a chamber shall be regarded as enclosed when, during the time combustion occurs, only apertures, ducts, stacks,
flues or chimneys necessary to provide combustion air and permit the escape of exhaust gas are open.

F. It shall be unlawful for any person to start, allow, permit or maintain any outdoor fire within the City in violation of any ban or restriction imposed under this section.

15.28.030 - Violations and penalties.

No person who operates, occupies or maintains a premises or vehicle subject to the provisions of this chapter shall allow a fire hazard to exist, nor shall fail to take immediate action to abate a fire hazard when ordered or notified to do so. Any person who shall violate any of the provisions of this chapter or who shall violate or fail to comply with any orders made hereunder or who shall act in any way in violation of any permits issued hereunder shall, severally and for each and every violation in noncompliance respectively, be guilty of a misdemeanor punishable by the penalty set forth is Section 1.12.010 of the Loveland Municipal Code. The imposition of one penalty for any violation shall not excuse the violation or permit it to continue, and all persons shall be required to correct or remedy the violations or defects within a reasonable time, and when not otherwise specified, each day that prohibited conditions are maintained shall constitute a separate offense. The application of any penalty pursuant hereto shall not be held to prevent the forced removal of prohibited conditions nor the suspension or removal of a permit or license issued hereunder.

Section 2. That if any section, subsection, or portion of this ordinance is, for any reason, held to be unconstitutional or invalid for any reason, such decision shall not affect that validity of the remaining portions of this ordinance. City Council hereby declares that it would have passed this ordinance, and each section, subsection, and portion hereof, regardless of whether any one or more sections, subsections, or portions may be declared unconstitutional or invalid.

Section 3. That nothing in this ordinance shall be construed to affect any suit or proceeding pending in any court, or any rights acquired, liability incurred, or cause of action acquired or existing under any ordinance hereby repealed, nor shall any legal right or remedy of any character be impaired by this ordinance.

Section 4. That the City Clerk shall cause to be published twice in a newspaper of general circulation within the City, once at least fifteen days preceding the public hearing, and once at least eight days preceding the public hearing, the following notice:

Public notice is hereby given that at 6:00 p.m. on February 4, 2020 in the City Council Chambers, City Hall, 500 East Third Street, Loveland, Colorado, the Loveland City Council will consider on second reading an Ordinance Repealing and Reenacting Chapter 15.28 and Adopting by Reference the International Fire Code, 2018 Edition. A public hearing shall be held prior to said consideration. Copies of the above-referenced International Fire Code, 2018 Edition and any codes adopted by reference within the code are on file with the Loveland City Clerk and are open to public inspection.
Section 5. That as provided in City Charter Section 4-9(a)(7), this Ordinance shall be published by title only by the City Clerk after adoption on second reading unless the Ordinance has been amended since first reading in which case the Ordinance shall be published in full or the amendments shall be published in full. This Ordinance shall be in full force and effect ten days after its final publication, as provided in City Charter Section 4-8(b).

ADOPTED this 22nd day of December, 2020.

CITY OF LOVELAND, COLORADO:

Jacki Marsh, Mayor

ATTEST:

Hannah Hill, Acting City Clerk

APPROVED AS TO FORM:

Assistant City Attorney

Ordinance 6378

I, Hannah Hill, Acting City Clerk of the City of Loveland, Colorado, hereby certify that the above and foregoing Ordinance was introduced at a regular (or special) meeting of the City Council, held on January 21, 2020 and was initially published in the Loveland Daily Reporter-Herald, a newspaper published within the city limits, in full on January 25, 2020 and by title except for parts thereof which were amended after such initial publication which parts were published in full in said newspaper on December 26, 2020.

Hannah Hill
City Clerk

Effective Date: January 5, 2021
