Fire Lieutenant Job Description

1315.1 GENERAL PURPOSE
The Fire Lieutenant position is either an Officer of an emergency response company on a 56-hour work week or an Officer in the training division on a 40-hour work week. The Lieutenant performs firefighting, rescue, EMS, hazardous materials, and other emergency duties and is responsible for the supervision, training, development, planning, and response readiness of all assigned personnel. This position is non-exempt and work is performed under the supervision of a Battalion Chief.

1315.2 ESSENTIAL JOB FUNCTIONS

- Responds to emergencies such as but not limited to fires, emergency medical incidents, extrications, technical rescue, hazardous material spills, mutual aid and public assistance calls.
- Works two consecutive 24-hour shifts and is prepared to respond at any time.
- Coordinates initial actions of resources on scene, taking command of the incident or passing command to superior officers as appropriate.
- Plans, schedules, organizes, assigns and reviews the work of sworn staff.
- Oversees the care and operation of all assigned fire apparatus, fire stations, and fire equipment and facilities under their command.
- Performs the full range of Firefighter I and II and Engineer duties.
- Operates, drives, positions and spots vehicles and apparatus in a safe, proficient and professional manner in emergency and non-emergency situations.
- Manages company planning activities that assure the completion of Company training, fire equipment inspection and maintenance, and public education programs.
- Implements training and drill scenarios that assure the response capability and readiness of personnel and volunteers assigned to the station.
- Responsible for the general efficiency, conduct, effective performance and safety of all assigned personnel, as well as a professional and safe work environment; ensures all personnel conduct themselves in a manner consistent with policies and recognized standards.
- Coordinates Fire Operation Division programs within the first-in district such as area familiarization, public relations, map/hydrant updates, community relations with businesses operating in the first-in district, target inspections and pre-fire planning.
- Coordinates and implements project/program management efforts.
- Writes and records information such as daily logs, training records, NFIRS, personnel reviews, etc.
- Coordinates activities with the Training Battalion Chief, other Company Officers, and supervisory personnel.
Fire Lieutenant Job Description

- Maintains effective community relations with the business members of the community, reinforces the organizational values of the department relative to our customers, and extends our services to the public at every opportunity.

- Maintains health and fitness standards meeting all department physical capability testing requirements on an annual basis, and prior to resuming full firefighting duties from extended injury or illness.

- Monitors alarm assignments from Dispatch to all stations/companies to confirm the appropriate allocation of resources consistent with polices; assists Dispatch with immediate interpretations of alarm policies to make necessary determinations for response; makes the necessary adjustments to provide for adequate resource availability.

- Confirms that all personnel protective equipment is in proper condition, maintained consistent with Department standards, and properly worn when firefighters are involved in emergency operations.

- Coordinates training activities with the Training Battalion, Battalion Chief, and the Company Officers on shift to ensure shift operations are effective and efficient; implements and participates in training and drill scenarios that ensure the response capability/readiness of all assigned personnel.

- Coordinates and performs area familiarization efforts, public relations, map/hydrant updates, fire inspections, and pre-fire planning activities.

- Coordinates with Vehicle Maintenance, Vendors, and Battalion Chief, the scheduling, repair, and maintenance of all fire apparatus and equipment. Confirms and coordinates the temporary assignment of all reserve apparatus and the proper condition/readiness of apparatus and equipment assigned to each station.

- When a local declaration of emergency or disaster is declared and/or the Emergency Operations Center (EOC) is activated, all LFRA employees may be required to work as a Disaster Service Worker.

- Participate in professional development opportunities and department training exercises.

TRAINING LIEUTENANT

- Responds to fires, rescues and hazardous material incidents to assume command and/or operate in a subordinate tactical role in the control of the emergency.

- Confirms that Loveland Fire Rescue Authority (LFRA) members meet minimum training standards and levels of certification as stated in position job descriptions. Examples include but are not limited to driving and operating fire apparatus and equipment, firefighting skills and drills, hazardous materials operations, EMS, and special operations.

- Responsible for the general efficiency, conduct, effective job performance and safety of all personnel during training exercises. Confirms that vehicles are driven and operated safely, and that all personal protective equipment is in proper condition, maintained consistent with department standards, and worn when firefighters are confronted with an emergency operation.
Fire Lieutenant Job Description

- Works with other local training officers and college administrators to develop training programs to provide basic and continuing education for LFRA members.
- Responsible for the maintenance of the Loveland Fire Rescue Authority Training Center. Coordinates with Facilities Maintenance regarding facilities problems or issues that may need repair or service.
- Participates as a team member in the design and implementation of special programs or projects such as new facilities, training props/modules, new firefighting apparatus and equipment.
- Supervises Firefighters and Fire Officers on training evolutions and emergency incidents. Has a functional role in the development of Firefighters and Fire Officers.
- Coordinates with the Canyon Training Lieutenant regarding Canyon and other LFRA trainings.
- Functions as a member of the Front Range Fire Consortium Academy instructional cadre.

1315.3 OTHER JOB FUNCTIONS
- Serves as project/program team member or coordinator as assigned.

1315.4 SUPERVISORY DUTIES
Responsible for the supervision all assigned personnel.

1315.5 JOB QUALIFICATIONS
Knowledge, skills and abilities:
- Solid knowledge of fire behavior, chemistry of fire and fire dynamics.
- Solid knowledge of Emergency Medical Services; knowledge of current emergency medical care principles and techniques.
- Knowledge of building design, construction loading and reaction to fire and collapse potential.
- Ability to learn fire suppression operations and the use of emergency equipment.
- Ability to operate fire suppression and emergency equipment.
- Ability to drive and operate fire apparatus in a safe, controlled manner in emergency and non-emergency environments, to include off-road driving; knowledge of applicable laws, codes, and regulations related to driving and operating these apparatus.
