TITLE
Conduct a Public Hearing and Consider a Motion to Adopt Resolution R-143, Adopting a Supplemental Budget Regarding the Appropriation of Monies to and the Expenditure of Monies from the General Fund for the Loveland Fire Rescue Authority, State of Colorado, for the Calendar Year Beginning on the First Day of January 2022 and Ending on the Last Day of December 2022

EXECUTIVE SUMMARY
This resolution would approve an increase to the 2022 LFRA budget with offsetting expenditures in the General fund of $100,400:

BACKGROUND
A resolution is attached to provide detail for this request. Per the fourth amendment to the IGA, if the Board adopts the supplemental appropriation resolution, then it will become effective. Supplemental Budget Requests that do not affect partner contributions are not required to be presented to City Council or the Loveland Rural Fire Protection District Board.

The Front Range Fire Consortium (FRFC) will be reimbursing LFRA $44,000 for the cost of a new Training Business Support Specialist position to support the FRFC Fire Academy in 2022. Additionally, there is a need to outfit two Fire inspectors with gear to enable them to perform Fire Investigations. LFRA has also hired replacement firefighters and needs to outfit them with Bunker Gear and Uniforms, all of which requires $56,400 from General Fund balance.

The increase of $100,400 to the 604 General Fund Revenue and offsetting Expenditure will fund the hiring and equipment needed for the new Training Administrative position with reimbursement from Front Range Fire Consortium, will outfit two Fire Inspectors with Bunker gear to enable them to perform Fire Investigations and will outfit the replacement firefighters with Bunker gear and Uniforms.

STAFF RECOMMENDATION
Staff recommends approval of the resolution as written.

FINANCIAL/ECONOMIC IMPACTS
The resolution would add a total of $100,400 additional funding for 2022 operating expenditures to advance the LFRA mission.

ASSOCIATED STRATEGIC GOALS
Deploy an effective emergency response to minimize damage and loss. Minimize and mitigate the risks of an emergency occurrence in the community. Deliver cost effective services.

LOVELAND FIRE RESCUE
BOARD MEETING
JULY 27, 2022
410 E. 5TH STREET
Engine 43, thank you for going above and beyond— not only serving the community, but going out of your way to go the extra mile and letting my daughter explore the truck, she loved it and it made her day! We are so grateful for all the unseen sacrifices you guys make daily. Thank you endlessly! God bless you! – The Sweeney family

The Lyons Fire Protection District suffered a great tragedy on May 26, 2022. The worst thing a Fire Chief, and his department, could ever have happen is the loss of one of our members. Firefighter Griffin Ferguson was a highly valued and loved member of our department and his passing sent devastating emotions through our department. The psychological ramifications from this tragedy affected our command staff and our department members with long lasting effects.

The overwhelming amount of support the Lyons Fire Protection District received from all the agencies in Boulder and Larimer Counties was truly amazing. The outpouring of love and support was so impactful in our time of need. This event, although tragic, showed what our service is all about on every level. The ability for all of us to come together and help a neighboring fire district truly showed the special relationships that we have built, how we always support each other, and take care of one another.

I want to personally thank you, and all your staff for all your assistance during the time after Firefighter Griffin passed away. We very much appreciate the coverage for our district, the help coordinating his service, and the incredible showing of support during the service. It was a difficult time for all of us but having your backing through that process made it easier for us to get through it. We are eternally grateful to each one of you.

Gratefully,
