A special meeting of the Board of Directors of the Loveland Rural Fire Protection District was held at Fire Station No. 1, 410 East 5th Street, Loveland, Colorado on Wednesday, July 25th, 2012 at 5:30 P.M.

The following members were present: Dave Legits, Mike McKenna, Barry Gustafson, Leroy Anderson and Jeff Swanty.

Also present were:

- Greg White, Secretary, Loveland Rural Fire Protection District
- Chief Randy Mirowski, Loveland Fire and Rescue
- Renee Wheeler, Loveland Fire and Rescue
- Michael Cervoski, Loveland Fire and Rescue

President Legits called the meeting to order.

White presented a Resolution for consideration by the Board for the purpose of the Board taking official action to place a ballot question on the November 6, 2012, General Election ballot as part of the Coordinated Election with Larimer County.

Director McKenna raised the issue of what benefits could be provided to the Rural citizen from the increase in the mill levy over and above what service is currently being received by the citizens. McKenna stated that he understood the negatives to the Rural citizens of not increasing the mill levy were being formulated, but he had been unable to determine what benefits could be presented, in an understandable manner, to Rural voters.

Wheeler presented the Board with a chart showing the additional mill levy revenue impact on the available cash balances with a 2.8 mill levy increase from 2013 through 2019. The 2.8 mill levy increase was selected as the amount necessary to meet the cost of the service enhancements in Phase 1 and Phase 2 of Model 1. The chart shows that this amount of mill levy increase will enable the District to meet its obligations into 2017. White noted that beginning in the 2017–2018 period there will be another increase including funding for the proposed Station No. 10.

The Board discussed whether or not there was a need to sunset this mill levy increase. It was the consensus of the Board that a 5 year sunset would not be productive as that would require the Board then to go back to the voters of the District with a substantial mill levy increase at that time.

The Board discussed options including raising the requested increase to 2.9 mills and sunseting this mill levy in 10 years with the understanding that the Rural District will need to seek additional funding beginning in 2017.

White stated that the Board did not need to make a decision at this meeting with regard to the specifics of the ballot question. This decision may be made at the August 1, 2012 regular Board meeting. It was the consensus of the Board that White prepare an appropriate Resolution for consideration at the August 1, 2012
regular Board meeting. Upon motion by Swanty, seconded by McKenna, and unanimously carried, the following Resolution was adopted:
